

When fiduciary accountability breaks down, I rebuild the controls, evidence, and operating discipline that hold up under pressure.

Principal-led strategy, operations, and risk leadership with 24+ years across Big 4 advisory, complex government portfolios, and high-scrutiny environments. Trusted by CFOs, boards, audit committees, GCs, and trial counsel to deliver decision-grade clarity.

Formation: Arthur Andersen • Ernst & Young • IBM Global Services • Navigant (Guidehouse) • MCC
